True God

God and hell can’t exist together.
Either there can be infinite mercy or infinite curse, not both.

I won’t bow down to a God
whom I can’t question.
I rather bow down where my
questions end.

Claiming slave of the God
is the insult of the God
who inspires us to be free from
all bondages!

God doesn’t want rituals.
She wants actions.

I would love a God that I can question without fear.

God won’t judge you on which God you believe in. She will judge you on what you did to her creatures.

God that can’t stand disbelievers simply needs to evolve.

If God can break laws, she can kill herself too.
So if God has to exist, she has to abide by laws.

Fools argue over
characteristics of God.
Wise live God through noble
actions.

Superman can directly fly to God. But if you are a human seeking God, stay away from meat, wine, lust.

God does not need cult to show his selflessness. Cult needs God to hide its selfishness.

Given the way western faiths define God, it is definitely more reasonable to be an atheist.
Given the way Vedas define God, He is no more mere faith. He is Science.

Concept of a ‘just’ God is guaranty of law & order. Concept of ‘life is chemical reaction’ is recipe to mess. Because chemical reactions do not believe in accountability.

For a God sitting on a throne
on 7th sky,
I am an atheist.
For a God who manages
Karma of souls and maintains
complete law & order based
on accountability,
I am a believer.

My God is not Gabbar Singh who would punish those who do not donate and bow to the Kaliaas he sends to Ramgarh from time to time.

My God is not a dictator like
Hitler or script-writer like
Salim-Javed.
He does not decide our fate.
We decide our fate.
He merely ensures that we get
what we decided.

True worhip

Worship is not about putting your wish list to God.
It is about promising God to fight till end to achieve your goals.

A brave atheist who believes in accountability is closer to God than a coward theist who commits sins and then foolishly thinks that he will be saved.

God doesn’t count how many times you prayed.
God does not remember in which words you prayed.
She only remembers whether your words and actions matched.

Prayer is not a replacement of efforts. It’s a catalyst that boosts the effectiveness of your efforts.

There are innumerable forms
of entertainment.
But nothing is as satisfying as
worship.

God is closer to you then
yourself.
Don’t let world teach you
how you should pray.
Just go your own way.
Do it with your own words.
Do it your own time.

Bhakti without karma is opium. Bhakti on foundation of karma is recipe for Divya Moksha.

Pray to complement your actions, not substitute them.

An hour of Ishwar Dhyana
is the best gift you can give
yourself daily.
It is the most powerful way to
transform every aspect of life.

If you are not doing daily Dhyana, you are missing soul of Dharma.

Bhakti without Shakti will not get you Mukti.

Only glorification of God’s qualities is not worship, imbibing them in life is.

Soul

Let mortals fear hellfire. I am soul I am immortal.

Soul is the greatest prophet,
greatest messenger, greatest
apostle.
Never be unfaithful to this
holy spirit.

There has to be purpose behind being scientific.

No scripture is superior to
your own intellect.
No prophet is superior to your
own self.
No religion is superior to
humanity.

Love is closeness of souls not bodies.
Love does not bind.
It liberates.

Dharma - True Religion

Follow Dharma based on
principles and reason,
and not looking at someone's
clothes or designation.
"Principles above
personalities."

Religions claim that spiritualism begins where logic ends.
Vedas say that one cannot even think of reaching God without logic.

We have warriors who are not Adhyatmic.
We have Adhyatmic saints who are not warriors.
If you want both, follow real Krishna.

In Eastern faiths, focus is on exploring world within.
In Western faiths, focus is on mimicking external orders.
The two cannot converge.

We have a tendency to define Dharma as per our convenience.
It takes courage to define ourselves as per Dharma.

Dharma is immortal.
It always wins.
It is only us mortals who win
or lose.

Vedas are not an initial point but a final benchmark. Initial point is pursuit of truth.

True religion is defined as the dedicated pursuit of timeless noble principles that no one can consider to be irrelevant at any point in time.

True religion is the one which has eternal principles, logic and truth.

Religion that can’ t stand depth of criticism is most shallow.

Religion that can’ t stand logic is the most illogical.

Religion that doesn’t believe in equality is most unbalanced.

Religion that doesn’t have vastness of philosophies is most narrow.

Religion becomes great by the principles it holds, and not by the claims of its followers.

The real Dharma of human is to show his humanity in his actions.

A religion that does not allow use of brain is of no use.

In Dharma, scriptures are to guide you.
In cults, scriptures are to threaten you.

Religion is a organised chase of blind assumptions. Vedic Dharma is celebration of freedom.

By following which human can show and practice his humanity without fear is true religion.

The bonds of culture are stronger than bonds of religion.

Pursue worthwhile and you get worthwhile.

Spirituality

In “spirituality” God protects you.
In “religion” you protect God.

Science with purpose is spirituality.

Science tells
you what life is.
Spirituality tells
you why life is.

Master Mind

Be master of the mind not slave.

Arbitrary judgement is
nothing but abuse of mind.

A liar cheats minds of others and soul of his own! And then he thinks he won!

Disbelief is no sin. Blind belief is.

Any belief without a rational or intuitive backing will result in miseries.

The outside world is a representation of your inner realities.
To master the outside world, win the world within.

You win in your mind first
then in the world.

Be the master of your mind
and success will be your slave.

The real cancer of mind is being undisciplined about your thoughts.

Like white dress, mind is prone to dirt. Take extra efforts to keep it shining and pure.

Brain will find a way to entertain itself. What options you offer it defines your character.

Mind gets its dynamism only when hankering for sense objects/ enjoyments ceases. One enjoys only in the Supreme and does his work.

West - I think, therefore I am
Vedas - I am, therefore I think.

Belief devoid of logic and control of intellect is blind belief.

When intellect is corrupt, there is no use of having five senses.

Knowledge

Knowledge is not
memorization of fact.
Knowledge is a framework for
the mind.

A knowledge not used is of no use.

I realised that knowledge is best retained when it is brief and part of your emotions.

Knowledge is not noun, it is a verb! And I don’ t fear being grammatically wrong!

Don’t approach knowledge as memorisation of fact. Approach knowledge as a framework for the mind.

Information may cost a bit.
But feeling of true knowledge
is priceless.

Actions full of knowledge
are the cure for all miseries.
Actions devoid of knowledge
are the reasons for all
miseries.

Poverty is result of
intellectual bankruptcy.
Intellectual bankruptcy is
result of knowledge scarcity.

Good fate is nothing but result of right actions done at the right time with right knowledge.

No caste, no social status, no religion, only burning desire to acquire knowledge makes person eligible for acquiring knowledge.

When buying a good book, see the power of knowledge and not price of the book.

Right to disbelieve is as important as right to believe.

Truth

Realizing your ignorance is the first step towards realizing the truth.

Analysis of truth never hurts.
It only paves the path towards
bliss!

Truth hurts only those who are on path of ignorance.

"Truth" is not an
assumption.
It is a conclusion.

Truth is something you can understand in mind and feel in your heart.

Truth cannot be debated. It
can only be analysed and
experienced by sharp minds
and honest souls.
As you get sharper and more
honest, you see clear truth.

Truth is not spoken but lived!

Expressing the truth of the situation as clearly as possible is the sign of healthy conversation.

You are ignorant if you don’t know the truth, but you are sinner if you ignore the truth.

Karma is Dharma

You can fool the world and laws of humans. But you cannot fool the immutable laws of Karma.

Try to cheat the laws of Karma and worst will happen to you from most unexpected places.

Declare a war against the bad habits and laws of Karma will ensure you win.

No conspiracy, no dhokha. Our own Karma suffice to write our insults.

Birth is no virtue, karma alone is.

A society which advocates greatness of Birth gets extinct by the ruthlessness of Law of Karma.

People who care are the ones who dare.

About Author

Sanjeev Newar is a Yogic scholar of Vedas, Gita and Hinduism. He has written several popular books on Vedas, Yoga, spirituality and misconceptions on Hinduism. He is the founder of Agniveer - a spiritual movement that works for equality of castes, genders, regions and religions in India and abroad. He is pioneer of Hindu Ekta Yajna initiative to bring equality across all regions and castes. He is an eloquent poet, orator and motivational expert who works to address suicidal or depressive tendencies. He is an alumnus of IIT-IIM, and a noted data scientist specializing in Risk Management. He considers casteism or birth-based caste system as anti-Hindu and has a mission to replace it with Vedic system of merit.

About Agniveer

Agniveer was founded by Shri Sanjeev Newar, an IIT-IIM professional, data scientist, and Yogi to provide a solution-oriented, spiritually driven, and honest approach to improving the world - within and outside an individual. Agniveer specializes in practical applications of timeless wisdom of Vedas, Geeta, and Yoga to address the contemporary challenges of life. Thousands of testimonials of transformation - from people who were on verge of committing suicide, fighting depression, confused about life, directionless, unable to address social injustice around - attest the massive change it has been able to bring.

Agniveer takes credit in bringing several ignored, uncomfortable but critical issues to public attention. Agniveer is the leading advocate of social equality in India and pioneer of 'Dalit Yajna' initiative to break caste and gender barriers. Agniveer spearheaded the Muslim women rights campaign facing severe backlash from conservative and fanatic elements. Yet, it was successful in bringing details of disgusting practices like Halala, sex-slavery, polygamy, triple talaq and love jihad to limelight and evolving a consensus against them. Agniveer women helpline deals with such cases and has brought many smiles.

Agniveer also introduced the concept of unarmed

combat workshops across sensitive parts of country to create a skilled team that is able to defend vulnerable from criminals. Agniveer is a prominent champion of de-radicalization and has brought innumerable youth to join the mainstream path. Agniveer' s narrative on history has created a significant momentum to question the authenticity of populist history taught out of political compulsions.

Agniveer has published several books on social equality, caste equality, gender equality, human rights, the controversial religious rights and history, apart from books on self-help, Yoga, Hinduism, and life-hacks. Readers appreciate the books for straightforward, original, solution-oriented, practical, fresh, and mind-bending experience.

Everyone keen to live a meaningful life to fullest is welcome to join or support Agniveer mission.
